President's Message

Well, Shirley's tiger on glass class looks really great. I am sorry I have to miss it. And my first meeting as president! But the chance for a little extra income is not something I can pass up these days. And besides, I am going to be in Florida for the next two weeks which has got to be warmer than it is going to be here!!

The Christmas was a lot of fun, as usual. Debbie did a wonderful job organizing party-and from long distance, too. I especially liked the story of the gingerbread kids that came with the past around game. And the food was great but we have come to expect that.

Good news, as some of you know, Judy was able to buy us a 32" HD flat screen TV from the proceeds of the paint sale following the Maureen McNaughton seminar. The TV will

be much easier to see than the projector image during seminars.

Anyway, ya'll have fun without me and I will see you in February.

Carol

I would like to thank CINDY MESIMORE my palette pal for all the nice things she gave me over the year. She gave me fun things to paint and to enjoy while I was painting like coffee, tea, candy and a cute paintbrush holder that holds specialty brushes.

I really appreciate all she has done.
Hugs, Phyllis
